Rental Orders

In the configuration form:

The screenshot shows the 'NST | RRM | Configuration' form. The 'General' section includes a 'SUBSIDIARY' dropdown and a 'RENTAL CONFIGURATION TYPE' dropdown, which is highlighted with a red box and a red arrow. The 'Enable Features' section contains checkboxes for various features. The 'Transaction Forms' section contains dropdown menus for different transaction forms.

Select Rental Configuration Type (FAM Asset or Inventory).

- Fill in the Transaction Forms fields using the relevant form names that begin with:
- 'NST | RRM | INV' (for Inventory type), or
- 'NST | RRM | FAM' (for FAM Asset type).
- Enter the license details provided by our team.
- Complete any other mandatory fields.

Click Submit.

Refer to the User Manual for complete instructions on processing rental orders and managing rental assets.
