NetScore Rental Management

For NetSuite

NetScore Rental Management for NetSuite streamlines rental operations, enhances asset visibility, and automates billing processes. This comprehensive solution empowers distribution companies to efficiently manage rentals, optimize asset usage, and improve customer satisfaction — all within a unified platform seamlessly built inside Oracle NetSuite.

- Auto-Billing Based on Contract Terms
- Availability Calendar / Reservation System
- Integrated with Asset Management
- Flexible Billing Options
- Maintenance Records
- Web Extensions
- Easy Reporting

Benefits

Streamlined Operations

Simplify your rental processes by managing all activities seamlessly within your NetSuite ERP environment, enhancing efficiency and productivity.

Enhanced Visibility and Control

Gain real-time insights and utilize advanced reporting tools to monitor critical metrics, driving smarter decisions and tighter control over your equipment rental software operations.

Comprehensive Asset Management

Leverage powerful asset management software to track availability, maintenance, and history while monitoring the value and status of your rental fleet in real-time.

Improved Customer Experience

Optimize customer satisfaction with faster order processing, efficient fulfillment, easy returns, and clear communication throughout the rental lifecycle.

Scalability and Flexibility

Grow your business effortlessly with rental management software that supports customizable workflows and adapts to your unique asset management needs.

Efficient Revenue Tracking

Track the revenue generated by each asset easily, using the reports provided.

Features

Automated Billing Cycles

Simplifies billing with customizable cycles and automated invoice generation, ensuring accuracy and consistency across all contracts.

Flexible Contract Management

Easily extends, modifies, or terminates rental contracts, providing the flexibility to adapt to changing customer needs.

Maintenance Management

Keeps detailed records of maintenance activities, automates schedules, and ensures timely repairs to maximize the lifespan of your rental assets.

Advanced Reporting Tools

Utilizes dashboards and reporting features for real-time performance tracking, helping you make informed business decisions.

Availability Calendar & Reservation System

Efficiently manages rental bookings with an integrated availability calendar, ensuring accurate reservations and streamlined scheduling.

Popular Web Extensions

Web extensions enable you to offer products and manage the entire rental process through your NetSuite-integrated web store. Now available for WooCommerce and Shopify users.
